Vegan-ish Comes To The Garden Room

*This January we are delighted to launch an innovative new vegan menu created by Holly White who, in partnership with executive chef Ed Cooney and his team, has brought recipes from her new cookbook *Vegan-ish* to life in The Garden Room.*

Designed seasonally, it will include plant-based starters such as Spiralized Courgetti with Roasted tomatoes, pine nuts and black olives and Holly's favourite main course of Shepardless Pie with lentils and more.

Alongside mouth-watering desserts include Salted Caramel Tart with dark chocolate sauce and Mixed Berry and Apple Crumble with vanilla coconut cream.

The new vegan menu will be available at The Garden Room at The Merrion hotel from Thursday, 17th January 2019 with a three-course set menu starting from €39.
